

MANY DIE WHEN BRIDGE COLLAPSES

FOUR BODIES HAVE BEEN RECOVERED FIFTEEN MISSING

More Than a Score Were Rescued from River at Marlin, Texas—Were Watching Repairs on Bridge When Tragedy Occurred—Mayor of Marlin Among Those Saved

(By The Associated Press)

MARLIN, Texas, May 16.—Four bodies have been recovered and more than a score of persons rescued, while those unaccounted for approximate fifteen, a check-up of the toll exacted by the collapse of the Merin-Belton bridge over the Brazos river, five miles west of Marlin this afternoon, showed tonight.

The west tier of the bridge collapsed while about thirty persons, including many women, were standing on that portion of the structure, watching repair work on the bridge abutment which had been damaged during the recent flood.

Two of the bodies recovered have been identified as those of Mrs. Ed Mosely of Beaumont and Mrs. Goldberg, of Marlin. The other two had not been identified tonight. Those rescued were all in a more or less serious condition and doctors said chances were against several of them recovering.

SPECIAL MEDICAL COMMITTEE MAKES RECOMMENDATION

Would Have William H. H. Miller Removed from Office

(By The Associated Press)

CHICAGO, May 16.—Removal from office of William H. H. Miller, director of registration and education for Illinois, was recommended today in the report of a special medical committee appointed by Governor Small to investigate Mr. Miller's office. The committee also recommended a reorganization of the department headed by Mr. Miller.

The investigating body, composed of Dr. W. L. Noble of Evansville, Dr. E. P. Sloan of Bloomington and Dr. W. A. Evans of Chicago, did not go into the honesty of integrity of Mr. Miller, who is under indictment in connection with the alleged illegal issuance of pharmacists' certificates and physicians' licenses, but stated that many evidences of short comings in administrative control had been found.

In its report the committee said that cases were found where applicants for licenses and certificates had received copies of the examination questions in advance of the examination and asserted papers were found on which the original grades put on by the examiner had been changed and higher grades substituted.

Mr. Miller, K. A. Frees, his son-in-law and Dr. N. O. Bourque were indicted by a Cook county grand jury several weeks ago in connection with charges of issuing certificates and licenses unlawfully.

Mr. Miller later appeared and gave bond and is now awaiting trial.

The report of the committee was read tonight at a meeting of the Illinois State Medical Association after Dr. Noble, chairman of the investigating body has conferred with Governor Small.

UNITED STATES STAND HAS NOT BEEN MODIFIED

Look for Developments to Clarify the Russian Situation

(By The Associated Press)

WASHINGTON, May 16.—There were intimations today that administration officers expected early developments in Genoa or perhaps later at The Hague which might clarify the Russian situation sufficiently to permit American participation in some international project designed to restore Russia to productivity. It was evident that the exchange of cables notes with the Genoa conference group yesterday was regarded as having moved matters at least a step forward so far as Russia is concerned.

The only authorized statement going beyond the terms of Secretary Hughes' note declining the invitation The Hague was that obtained at the white house that the note did not close the door to future conversations on the subject.

In the light of that statement Mr. Hughes' assertion in the note to Genoa of the willingness of the United States to give serious attention to any proposals issued from the Genoa conference or any later conference, took on added significance.

There was no amplification of the statement in the note that the Russian memorandum to the Genoa powers of May 11, discloses an attitude on the part of Russia which in American opinion destined The Hague commission project to the same difficulties that were faced in Genoa. With that statement the American note coupled the assertion that in American opinion the reasons for Russia's economic plight seemed reasonably clear and that the remedies must "in the nature of things" be provided within Russia herself.

Quotes Former Statement

Secretary Hoover speaking last night before the International Chamber of Commerce here quoted an official American pronouncement made a year ago as still correctly summing up the Russian problem.

"Production is conditioned upon the safety of life, the recognition by firm guarantees of private property the sanctity of contract and the rights of free labor," he said in his quotation.

Mr. Hughes apparently made it clear to the Genoa group in his note of refusal that the United States government did not regard the Russian delegation's memorandum of May 11, as forecasting the establishment within Russia of such guarantees as would invite American capital to that country or as would warrant the American government in urging Russian investment on its nationals.

There was no development today to indicate that the Washington administration had been diverted in the slightest in the position it asserted as to Russia a year ago, that while the United States is not seeking to concern itself with political questions in Russia or elsewhere abroad American nationals cannot be expected to risk or the American government to support economic ventures in a country where such conditions prevail as to deny that security of property rights which the great majority of the world holds to be a fundamental economic law.

PROBE ALLEGED ATTEMPT AT BRIBERY

(By The Associated Press)

CHICAGO, May 16.—Attempts to bribe prospective jurors in the second trial of William F. Jousse, president of the Flat Janitors' Union and nine co-defendants charged with conspiracy to bomb and extort money have been discovered according to a statement today by Robert E. Crowe, state's attorney. According to Mr. Crowe a man was approached and asked if he was one of the prospective jurors when told that he was not the questioner said, "It would have been worth a thousand dollars to you if you were."

An investigation has been started.

ILLINOIS CHILDREN SIGN PETITIONS

Chicago, May 16.—Petitions which if placed end to end would measure sixteen miles in length have been signed by 80 per cent of the school children in Illinois, Indiana, Iowa, Michigan, Missouri, Kentucky and Wisconsin in an effort to have the city of Philadelphia lend Chicago the Liberty Bell for exhibition during the Pageant of Progress this summer.

Reprisal For Arrests Seen in Chicago Fire

(By The Associated Press)

CHICAGO, May 16.—Open defiance of the efforts of the police to check an outbreak of labor warfare which has terrorized the city for the past two months was seen tonight in a spectacular fire which partially destroyed a seventy apartment building under construction in the heart of a wealthy residence district.

Starting just before dark at several points on the first floor the flames spread rapidly thru the \$500,000 structure and practically all the fire fighting apparatus in the northern section of the city was called out before it was brought under control with half the building lying in ruins.

Workmen employed on the structure were working under the Landis wage award and the police declared that the fire was but another step in a campaign of terrorism directed against the award which was made by Federal Judge K. M. Landis, sitting as mediator in a wage dispute between the building trade workers and contractors. The award was accepted by the contractors but has been actively opposed by several of the unions which were dissatisfied with its terms.

Two new arrests were made during the fire following reports that a confession implicating several persons had been made by

John Miller, owner of the car which the policemen were shot. One of those taken into custody today was Mrs. Margaret Miller, his wife. The other is a mysterious stranger seized early today in Kankakee by two squads of Chicago detectives who have been touring surrounding cities and towns.

Miller according to State's Attorney Crowe has revealed to the police the entire procedure of labor terrorism.

Tonight's fire recalled threatening letters received last week by assistant state's attorneys warning them that if the "big three" labor leaders, Mader, "Big Tim" Murphy and Cornelius (Con) Shea were not released fires would be started in buildings being erected throughout the city.

Investigation of the fire showed that it had been started simultaneously in several places and had been preceded by the explosion of a bomb. Two women living in an adjoining building told the police they were warned by an unidentified man shortly before the fire was discovered that the next building would soon be in flames and that they should flee.

Several squads of patrolmen armed with rifles were rushed to the building and a search begun for the man. The loss to the structure was placed at \$200,000.

DUTY ON MUSTARD PLASTERS TAKES TIME OF SENATE

Approve Committee Rate After Deliberating for Eight Hours

(By The Associated Press)

WASHINGTON, May 16.—The senate had the tariff bill before it for eight hours today but disposed of only a single item approving the committee rate of 25 per cent ad valorem on mustard and other curative plasters. The usual night session was abandoned so that the senate pages might attend a circus.

The session today began an hour earlier than usual with the expressed view of experimenting with a meeting in what had been designated as "the daylight hours."

The progress made however, was unsatisfactory to those in charge of the bill and it was decided to resume night meetings tomorrow with continuous eleven hour sessions as heretofore.

Much of a discussion today was of a general character. It included a prepared address by Senator Capper, Republican, Kansas head of the senate agriculture bloc attacking American valuation and an extended debate between Senator Gooding, Idaho, chairman of the Republican agricultural tariff bloc and Senator Underwood, Alabama, the Democratic leader as to the value of a protective tariff to the agricultural industry.

Discussion was enlivened late in the day by Senator Harrison, Democrat, Mississippi, who accused the Republicans of trying to delay the tariff bill and wound up by a humorous reading of the free list with stress laid on such items as dried blood, joss sticks and skeletons.

While Senator Capper was denouncing American valuation in the senate as a system desired by some manufacturers because they believed that by it they could conceal the extent to which they desire to raise rates, Chairman Fordney of the Ways and means committee urged that system in the house. Mr. Fordney had a table piled high with imported articles on which he said the government was defrauded by undervaluation thru the foreign valuation system.

JURY SECURED IN PAYROLL ROBBERY CASE

TAYLORVILLE, Ill., May 16.—A jury to try Timothy "Stuttering" Jimmy Lotsey and Marcus Jerome Lockard on trial for robbery in connection with the Kincaid payroll robbery of August 13, last in which \$95,000 was obtained, was sworn in at 5:20 o'clock this afternoon. Court adjourned until 9 o'clock tomorrow morning when the state and defense will make their opening statements. It is probable that the state's first witness will be Frank M. Jones, cashier of the Kincaid State Bank who was carrying the nine payroll when the robbery occurred. The defense exhausted all of its twenty peremptory challenges while the state still possessed one of its allotted ten when the last four jurors were accepted. Thirty prospective trialmen were excused for cause.

AGRICULTURAL BLOC STUDYING MEASURES

WASHINGTON, May 16.—Members of the senate agricultural bloc today began study of measures to meet the supreme court decision today virtually nullifying the grain futures act. Senator Capper, Kansas, chairman of the group and Senator McNary, Republican, Oregon, had an informal conference and predicted that new legislation would be developed to meet at least in part the court's ruling.

FURTHER APPEALS ARE TO BE MADE TO THE UNITED STATES

Hope to Get U. S. to Take Part in Meeting at The Hague

(By The Associated Press)

GENOA, May 16.—Further appeals will be made to the United States by the allied powers in an endeavor to induce that country to take part in the meetings of the commission of experts at The Hague on June 15. The inviting powers, England, Japan, France Italy, and Belgium, held a meeting this afternoon to consider the matter further. There is no disposition to hurry the Russians in making their final reply regarding The Hague conference.

It seems likely that the closing plenary session of the conference here will not be held before Saturday or Monday. Tomorrow morning the Russians will reassemble with the sub-commission on political affairs to discuss plans for The Hague.

"The inviting powers" deciding that the Eastern Galician and Lithuanian boundary questions would not be considered at this time.

Hungary and Bulgaria were permitted to present petitions for better treatment of minorities.

Bulgaria was not permitted to submit a statement pleading for a port on the Aegean Sea.

The powers decided to have the conference appeal urgently to Europe to support the anti-epidemic campaign.

M. Tchitcherine's clash with Viscount Ishihara at the morning session attracted much attention. The controversy was provoked by Tchitcherine's declaration that Russia would never permit the Far Eastern republic to be converted into a Japanese colony and that Russia would protect it and all other allied republics against foreign attack.

After Viscount Ishihara declared that Japan was forced to keep troops in Siberia to protect herself against massacres such as had occurred at Nikolaisk, Tchitcherine charged that the troops at Nikolaisk had violated the armistice and provoked the clash which resulted in many deaths on both sides. Tchitcherine hotly discussed the Dairen conference in which he said the Japanese delegates used the Nikolaisk incident as a pretext to demand the annexation of Northern Sakhalin by Japan. He also declared that the Japanese representatives had made the evacuation of Vladivostok contingent upon complete dismantling of all fortifications.

BOOT AND SHOE WORKERS TO STRIKE

Cincinnati, O., May 16.—A strike of union boot and shoe workers in Cincinnati beginning next Saturday morning was authorized tonight by the general executive board of the union it was announced tonight following a four days session. Six thousand workers will be affected by the strike, union officials said. The last offer of the manufacturers to prevent a strike was for a ten per cent wage reduction it was announced. This the workers refused to accept.

HOOVER TO CALL CONFERENCE OF COAL OPERATORS

Says Government Will Check Any Advance in Price of Coal

(By The Associated Press)

WASHINGTON, May 16.—Secretary Hoover announced tonight the calling of a conference of coal operators to devise measures to protect consumers from the tendency of coal prices to rise at the mine in certain districts, which he declared will be checked. The conference is expected to be held in the next few days.

Mr. Hoover requested the American Railway Association and the public utilities associations to create buying committees to handle their coal purchases and announced his intention of asking other large consuming industries to take similar measures to stop bidding against each other and against the general consumer.

"At the present time," he said, "the price of coal has risen unduly in certain districts while in other districts there is an insufficiency of orders to employ the mines full time. There are very large stocks of coal in the country in the possession of consumers and the problem is one of coordination and cooperation. The reports of certain wholesalers that there is a shortage of coal is untrue and designed to further their personal ends."

From the white house also there came word today of the government's intention to take a hand in the situation. At present the general price of slightly above \$2 per ton for bituminous is ruling over the country in a few districts Secretary Hoover has found reports that \$3 per ton and more has been collected.

In all official comment the view that all existing stocks of coal of 40,000,000 tons and increasing non-union production do not justify market disturbance was emphasized.

Outline of Tentative Policy Some outlines of the tentative policy adopted by the administration toward the general coal strike also are becoming visible. It is probable that within six weeks or some such period after satisfactory indications are given by the union leaders and coal mine operators that such a step would meet success a conference will be called.

Either President Harding or some cabinet member will issue the invitation possibly without publicity and to a limited group in the first instance, but later to representative numbers and ask the parties to the controversy when assembled to negotiate for a settlement. A tendency for isolated districts to reach a settlement by themselves on the basis of new wage scales is said to have been evinced lately in West Virginia, Texas and Kentucky.

After more of such settlements have been made officials believe that both the miners union and the employers will have completed a test of strength and it will then become possible for the men concerned in districts still striking to work out wage scales for themselves in the light of knowledge concerning their possible competitive production costs. The anthracite negotiations still continuing are said to be hinged in a degree upon the bituminous wage scales and a bituminous settlement would assist in the settlement in the anthracite industry since both types of coal are competitors in the market and production costs must be regulated in one industry to some extent by production costs in the other.

SENATE PASSES WAR FRAUD BILL

(By The Associated Press)

WASHINGTON, May 16.—The house bill providing \$500,000 additional for the department of justice for prosecution of fraudulent war contracts was passed today by the senate and now goes to President Harding for approval.

There was no opposition and little discussion of the bill which was urged by the president and Attorney General Daugherty. Upon receipt from the house the measure promptly was given unanimous approval by the senate appropriations committee and was put thru the senate by unanimous consent.

Senator King, Democrat, Utah, said that the department of justice had not brought prosecutions under the anti-trust law as vigorously as he would have desired and he hoped the additional appropriations would bring commensurate results.

GOVERNOR SMALL WON TWO RULINGS IN TRIAL TUESDAY

Court Orders Testimony of Two Employees of State Treasurer's Office Stricken from the Record—Also Scores in Cross Examination of Luehrs—Thomas Hughes on Stand

(By The Associated Press)

WAUKEGAN, Ill., May 16.—Governor Len Small won two rulings over the protests of the prosecution today in his fight to disprove charges of the state that he conspired with Lieutenant Governor Fred E. Sterling, the late Senator Edward C. Curtis and Vernon Curtis, to embezzle state funds.

The governor's attorneys won the first skirmish when they succeeded in having stricken out of the records testimony of two employees of the state treasurer's office after they had testified they knew nothing about the "safe account" which, the state claims, was synonymous with the Grant Park bank, alleged to be a fictitious and non-existent institution. Judge Edwards not only ordered the testimony erased from the record but barred similar testimony by other employees of the treasurer's office who had been subpoenaed by the state.

The defense scored again when on cross-examination of Harry Luehrs, assistant state treasurer, C. C. LeForgee, chief of counsel for Governor Small brought out that the witness understood that deposits in the Grant Park Bank were secured by proper collateral which, Governor Small told him, was held at Chicago; that the governor and Mr. Sterling, during their terms as state treasurer paid in more than \$700,000 interest, presumably on these deposits, and that the witness believed the interest received from the Grant Park Bank was at the same rate as paid by other banks using state money.

The state treasurer's records showed that during the term of Mr. Sterling the safe fund loaned to the Grant Park Bank ranged from \$9,000,000 to \$18,000,000 while the vault account representing money loaned to approximately 250 other banks in Illinois varied from \$6,500,000 to \$11,227,000.

Mr. Luehrs on cross-examination testified that Mr. Sterling paid into the state treasury approximately \$996,000 in interest money of which \$482,671.31 was received from funds carried in the vault account and loaned to banks thruout the state. "It is not true that the remainder of that sum or \$513,449.54 was interest received from the bank that held the deposits of the state of Illinois in the safe fund," Mr. LeForgee asked.

"I cannot testify as to that," the witness replied.

"What was that paid for?" "Interest on the state fund." "What state fund?" "I am unable to answer that."

"Do you know of any state fund other than the vault and safe fund?" "No sir."

"Don't you know that that \$513,000 and some odd dollars was not paid in on the vault fund?" "It was not."

"And don't you know that it was paid in as interest on the safe fund?" "That was my understanding."

Court Sustains Objection. The court sustained an objection to the witness testifying to anything but his personal recollection and when the question was reworded he replied that "to the best of my knowledge, the \$513,499.54 was interest on the safe fund."

"As a matter of fact you did not know of any other bank in the safe fund than the Grant Park Bank, did you?" Mr. LeForgee asked.

"No sir."

Cross examination of Mr. Luehrs was marked by frequent clashes between the attorneys and time after time the jury was sent from the room while the lawyers argued over the admissibility of certain lines of evidence. The state objected vigorously when Mr. LeForgee sought to bring out that missing records which the witness believed were mailed to Governor Small when he retired from the treasurer's office.

CHILE-PERUVIAN CONFERENCE IS NOT HARMONIOUS

Encounters Unpleasant Sailing Soon After Convening

(By The Associated Press)

WASHINGTON, May 16.—The Chile-Peruvian conference which began its course here only 24 hours ago, amid universal declarations of optimism encountered signs of unpleasant sailing today soon after the two delegations came together for the first executive meeting. Most prominent among these developments was a conclusion said to have been reached by the Chilean delegation of the validity of the treaty of Ancon to a sharp issue at the very outset.

Another disturbing element was a reiterated plea by Bolivia that her rights and interests as well as those of Chile and Peru must be considered in any settlement designed to remove causes for unrest in South America.

A third much discussed feature of the situation was an agreement between the two delegations that whenever a decision is reached on and single issue it is to be embodied immediately in a formal "protocol" duly certified and signed by both sides.

The Chilean plan, it is understood by the Associated Press is to present either tomorrow or Thursday a proposal that the question of fulfilling the Tacna-Arica article of the Ancon treaty be debated at once.

It is known that the Peruvian delegation hopes that the conference will result in a broad adjustment of the whole "problem of the Pacific" and is convinced that the treaty provision for a plebiscite in Tacna-Arica never could be fulfilled under present conditions.

Neither the Chilean nor Peruvian delegates would comment on the new move by Bolivia.

Today's first executive session of the delegations lasted but half an hour and ended without either side having mentioned any of the major issues before the conference. In addition to deciding on the "protocol" plan of recording decisions the delegates decided to alternate the chairmanship of the conference between Carlos Aldunate, of the Chilean delegation and Meliton Porras, of the Peruvian delegation and agreed that an official joint communiqué be issued after each day's session.

WHY DOES ANYONE WANT TO DO THIS?

Omaha, Neb., May 16.—Clarence Pratt of Las Vegas, Nev., attempting to fly from Buffalo, N. Y., to Siberia, arrived here from Des Moines, Iowa, late this afternoon. Pratt said he would hop off from Omaha to North Platte, Nebraska, Thursday morning and follow the air mail route across the United States thence to Nome, Alaska, from where he intends to jump across the Bering Strait to Siberia some time in August.

It is interesting to note that Illinois college authorities have added band instruction to the college curriculum. Credit is to be given for band membership. Certainly the organization this year has been of value to the college and a decided addition to the musical organizations of Jacksonville.

It is said that records kept accurately in Piatt county show that last year farmers there made more money from their wheat, rye and hay crops than they did from corn. Now much of the land in Piatt county is of a deep black and suitable for corn. So the farmers there should look into the records there for the benefit of the whole corn belt. Perhaps they will be able to prove that corn is no longer king.

The Missouri constitutional convention has recently assembled and the older residents of the state can remember that the last previous convention of the kind was held more than 40 years ago. One wonders if the delegates to the Missouri body have any idea of the tedious pathway they must follow for the next few years—that is, if the same plan of action is followed in Missouri that obtains in Illinois. The convention in this state moves very slowly and the end is not yet.

Senator Borah of Idaho has a wonderful hold upon his constituents and anything that he does. But perhaps they'll break the rule now that Senator Borah has introduced a resolution favoring recognition of the Russian soviet government. The western senator is right on many things, always shows absolute fearlessness of opinion, but where does he get any basis or argument for this soviet proposal?

LIVE LONGER AND BETTER

One may live long if he is said to be willing to go to the trouble to faithfully follow health rules. This is what the Chicago Herald and Examiner suggests on the subject:

"These are the simple rules set up by Dr. Copeland and the other investigators of Physical Culture Week:

"(1) Spend ten minutes in setting-up exercises. (2) Sleep with windows open. Secure what

sunshine you can. (3) Spend the minimum of ten hours during the week in the open air. Balance work and play. (4) Walk at least three miles each day. (5) Treat the stomach with respect. Do not overeat. (6) Eat meat not more than once a day. (7) Balance the meal with fruits, green salads and other vegetables. (8) Drink at least eight glasses of pure water daily. (9) Completely relax for at least fifteen minutes each day and conserve your nerve energy. (10) Cultivate happy thoughts. "Think in terms of health. Arrange all plans for the week on a basis such that each day's activities will be consistent with the requirements of keeping fit.

The child labor law has been declared unconstitutional by the supreme court. This will mean that thousands of boys and girls under the age of 16 years will return to mines and factories, many of them to arduous toil which they are physically unable to endure. The sentiment of the country favors a child labor law, and the time will come when such a law is so framed that it can withstand court attacks. The return of children to work which stunts their lives means a backward step in civilization.

BLOOMINGTON MAY VOTE ON ALDERMAN PLAN

The question of returning to the aldermanic form of government is again being agitated in Bloomington. Petitions have been circulated and it is said now to show 2500 names. The commission will soon be asked to take action on the petition and to set a date for an election. A similar petition was filed about a year ago but because of certain defects therein no election was called.

Dr. F. A. Norris and Dr. J. W. Hargrove went to Chicago last evening to attend the session of the Illinois State Medical society.

AMERICAN LEGION HELD SOCIAL MEETING

Excellent Musical Program by the Misses Crum—H. H. Bancroft Gives Address.

The American Legion met last evening in the Chamber of Commerce rooms for their social meeting of the month. The good attendance present was favored with an excellent musical program.

It was given by the Misses Alta and Wilma Crum. Miss Alta Crum sang for her first group three negro spirituals, "Swing Along" by Cook; "De Ol' Ark's A-Movin'" by Gulon, and "Little Pickaninny" by Gulon, which were greatly enjoyed. Miss Wilma Crum then favored the audience with two violin solos, namely "Air on G String" by Matteoson and "Tambourine" by Gossec.

Hon. H. H. Bancroft then gave a very interesting address, at the conclusion of which refreshments were served. The meeting was then adjourned.

Legion Notes.

Coach Harmon is chairman of the committee composed of R. Y. Rowe, L. A. Cain, O. C. Smith and John Larson, which has charge of arrangements for Decoration Day services. The committee is co-operating with the G. A. R. and various other military, semi-military and fraternal organizations of the city, in making preparations for that day.

All ex-service men and all members of local fraternities are cordially asked to join in the parade, which will form in front of Academy Hall on Decoration Day. The parade will start at 1 o'clock, under Col. O. C. Smith's direction, will march around the square and down East State Street to the Centenary church, where it will halt for the services which will be held there. All ex-service men are asked to appear in the parade in full uniform.

Any one having flowers to contribute for decorating soldier graves, should leave them with the members of the Woman's Relief Corps, who will have a table on the North side of the square for them, during the morning of May 30th.

The members of the Service Star Legion will have charge of the poppies on sale that day. The funds received from the sale will be used in decorating the graves of soldiers in France as well local expenses, such as buying markers for the graves of soldiers who have died here during the past year.

Plans are under way for the "Get Together and Get Acquainted" meeting which the local post of the American Legion is going to give in the near future for all ex-service men. A program of dancing, and varied entertainment will be held so that all ex-service men, their wives and sweethearts, who are cordially invited, will be royally entertained in being formulated. Don't miss it. The date and place will be announced later.

MAY BRING LIBERTY BELL FROM EAST

Monster Petition Will Be Sent to Philadelphia by School Children of Illinois.

A movement is on foot thruout Illinois to have the famous old Liberty Bell, which pealed forth to the world America's independence in 1776, brought from Philadelphia to Chicago for the period of the Pageant of Progress to be held in the latter city beginning July 29.

The school children of the state will be asked to aid in this effort and petitions for them to sign are being sent out. Pupils of Jacksonville and Morgan county will have an opportunity to sign such petitions.

State superintendent of schools, Francis G. Blair, and other educators are strongly in favor of the idea as it is felt that by having this celebrated bell in a more centrally located city for a time a great number of pupils will be able to view it who otherwise could not hope to do so.

Similar petitions are being prepared and sent out in the states of Wisconsin, Michigan, Iowa, Missouri, Kentucky and Indiana, and county superintendents are urged to secure every possible signature. The petitions will be assembled and sent to the city council at Philadelphia.

LOOKING FOR SELLER OF UNCLE DIAMONDS

Chicago, May 16.—Uncle diamonds valued at \$6,000 were identified as part of the loot taken in the recent suit case robbery in the Pennsylvania Station, New York. They were found in the offices of A. Quint & Co., jewelers. Mr. Quint said he bought them from Sam Klein, a New York broker, now said to be in Harrisburg, Pa.

Four persons, according to the police already have been arrested in Harrisburg in connection with the robbery which occurred when Mrs. Harrison of Philadelphia who owned the diamonds set her suit case down in the station while buying her ticket. About \$40,000 worth of the gems have now been recovered it was said.

WOMAN SUICIDES ON EVE OF WEDDING

Chicago, May 16.—On the eve of her wedding, Miss Elizabeth Hartz, 50 years old, jumped into the lake near her home and was drowned today. She had left her home to keep an appointment with her fiancé, A. H. Harris, 50 years old. Examination of the body revealed that Miss Hartz was partially paralyzed. The police believe this may have been the cause of her act.

OLD JACKSONVILLE

THE WEST SIDE OF THE NORTH

(BY ENSLEY MOORE)

Member Illinois State Historical Society

The West half of the North side of the "Public Square" was so presentable in 1857 as it is now.

Then, starting from Sandy street, the first building was of two fronts, to the south, of one story, of frame, and looked pretty old.

Alderman and Tomlinson occupied it as a merchant tailoring establishment, and they apparently had a good trade.

About 1860 the three story brick occupying that corner was built—presumably by Mr. Lewis Hatfield. It was a good looking edifice, as it is still.

The merchant tailors left it before long; Mr. Alderman leaving town, and Mr. Tomlinson being in various places until he joined the majority, leaving his son T. M., his successor, and well known today. Mr. Alderman had a goodly family, the oldest being a daughter Emma, a graduate of the Female Academy, who married F. G. Galbraith; and they landed in California.

Perhaps,

Bristow and Ross, or their names reversed, occupied the next building east of Sandy street. They had a drygoods store—William Ross and B. F. Bristow. The building was two and a half stories high with gable ends to the east and west, and it was of brick. In the second story, Miss Ebbert had the leading millinery of the town. Miss Ebbert's niece afterwards became the wife of Washington Hook, a well known early comer, and uncle of "the Hooks."

Two bricks of similar plan and size, architecturally, came next, eastward. The first was

Catlin's Book Store, conducted and owned by Mr. Willlys Catlin; the family residing up stairs. He was the father of Miss Margaret E., so well known in good looks, and grand father of Miss Lucy, still continuing valuable services to the public.

Sigler's Harness Store was the eastern of these two buildings.

AGED FRANKLIN MAN DIED TUESDAY NIGHT

Death of Chamberlain Belk Came at Late Hour Tuesday Night at Home of Jales M. Woods—Funeral Arrangements Not Complete.

FRANKLIN, May 16—Chamberlain Belk, a long time resident of the Franklin community passed away at 10:45 Tuesday night at the home of his son-in-law, James W. Woods, where he has made his home for the past few years. The deceased would have been eighty-two years of age in June, and had spent the greater part of his life in and near Franklin. His death came after an extended period of illness, dating from last December, and death had been expected for some days.

Surviving are the following children: John and Mack Belk, Carlinville; Charles Belk, Jacksonville; Mrs. Laura Deatherage, Waverly; Mrs. James M. Woods and George Belk, Franklin. His wife preceded him in death about seven years ago.

Mr. Belk was a veteran of the Civil war, having served during the entire period of the conflict. He was a member of the Baptist church and was a man who had the respect of a wide circle of acquaintances.

MATRIMONIAL

Hubble-Woodall. The marriage of Austin Moss Hubble and Miss Edna Louise Woodall, both of Alsey, Ill., took place at 2:30 o'clock Tuesday afternoon, Justice C. O. Bayha officiating at his office on West State street. The ceremony was witnessed by Miss Lottie Sanders and E. T. Hudson.

The bride is a daughter of Mr. and Mrs. S. A. Woodall, well known residents of Winchester, while Mr. Hubble is a son of T. H. Hubble, also well known in Scott county. Mr. and Mrs. Hubble will make their home near Alsey, and have the best wishes of a host of friends.

SENTENCE PASSED ON ALLEGED DEFAUDERS

Salt Lake City, Utah, May 16.—Two years of penal servitude and fine of \$5,000 is the penalty Federal Judge Martin J. Wade, of Iowa, imposed today upon Matthew McBlane Thomson, Thomas Perrott, Dominic Bergera and Robert Jamieson for having used the mails to defraud in connection with the promotion of the American Masonic Federation. The men were found guilty by a federal court jury late yesterday and the sentence imposed by Judge Wade will be appealed to a higher court.

The court fixed bail at \$15,000 each pending disposition of the appeal and stipulated that it must be made within sixty days.

Mrs. Frederick Buck Jr., and little daughter Luvica Jane, returned to their home in Springfield yesterday morning, after spending some time visiting with the former's parents, Mr. and Mrs. G. B. Andre.

The Sigler family was well known among early settlers.

Phileman B. Price

had an old store next east, in '57, but he soon put up the handsome one on the same site today, of brick; and in it he had a jewelry place, rivaling King's on the West side." Mr. Price married a daughter of Col. William B. Warren, and resided on East State street in a pretty, brick house. His two sons, have gone elsewhere, but his daughter, Miss Mary is still here, and prominent in D. A. R., and social circles.

William M. Mayo succeeded Mr. Price before the Civil War.

Another building—then not a very good one—was East of Price's and it was soon succeeded by one of similar height and style to Price's. It was occupied by Mr. Vickery, as a bakery and confectionary.

Mr. Vickery was an Englishman by birth, and the father of the two Majors, John and Edward Vickery, so well known here of late years; Major John long at the "Dunlap House," and Major E. C. still owning the "Colonial Inn."

The Mansion House, now called the Park hotel, was next, standing at the northwest corner of North Main street, as it does today, altho it is one of the oddest hostleries in the state.

In '57, as the sign between the front windows stated, it was a "Hotel by Fox," meaning George W. Fox. He was the father of Col. Charles H. Fox, and grandfather of his namesake, George W., now of Indianapolis, Ind.

The hotel was then owned by Gen. Murray McConnell.

There was a long, narrow room, on the west side of the house, down stairs, occupied as the office.

Rinne and Lathrop had the double room, running to the corner of North Main street, in which they kept the leading drygoods store of the town.

As they made a point of having attractive clerks, it is easy to see that the establishment was popular with the "Academy" and "Methodist College" girls.

WINCHESTER

Charles Hieronymous, Sr., has returned from a visit with his children in Beardstown. His son Charles and Mrs. William Hieronymous accompanied him home for a short visit.

Mrs. W. R. Johnson and little daughter Jane have gone to Omaha, Nebraska, to visit relatives.

Mrs. Henry Kiehl, who has been very ill is now improving in a gratifying manner.

Fred Owings of Macomb spent Sunday with his parents here.

Miss Ruth Reeder has gone to Independence, Kansas, to visit relatives.

Lou Hieronymous has returned, has returned to Quincy after a short visit with home folks here.

Mrs. Robert Lackey is at home again after a visit with her parents in western Missouri.

Miss Martha Higgins has returned from a business trip to St. Louis.

George Lashmet remains critically at his home east of town.

Guy Paul was a business visitor in St. Louis, Tuesday.

COUNTY CONTRIBUTED \$600 TO NEAR EAST RELIEF FUND

A total of \$600 has been contributed to the near east relief fund by the people of Morgan county, according to acknowledgment which came recently to Mayor E. E. Crabtree from the state headquarters. Twenty thousand orphans in the near east are dependent upon the people of Illinois for their very life, and a special effort is being made thruout the state to raise the necessary funds by the end of the fiscal year, June 30.

Reports of conditions in many sections of Asia Minor are almost beyond belief. The past winter brought absolute want to many people in these regions, and many were forced to subsist upon the most meager diet. Relief workers reported that in many of the devastated areas not one person in fifty was normal, this condition being brought about by the long period of starvation.

MORVICH OF THE SEAS ARRIVED ON MAIDEN VOYAGE

Steamer Majestic Docked in New York Yesterday Afternoon

(By The Associated Press)

NEW YORK, May 16.—The Majestic, mammoth new Morvich of the seas, warped into her pier at 1:35 this afternoon after a trip from England during which she broke all existing records for maiden voyages on the Atlantic. Sir Bertram Hayes, her skipper, had not tried to put the Majestic at top speed during the voyage. For two days she had loafed, then speeding up as she ran into smoother seas she drove along at a 25.50 knot pace hitting it up to 26 on the last leg from Fire Island to Aybrose Lightship.

Just five days and 16 hours after she left Cherbourg the Majestic whirled past the light ship in a cloud of spray. Then she slowed down to pick up her pilot, while the light ship crew lined the rail of their craft watching the giant vessel. A tiny tug tooted vigorously three times in welcome. The terrific boom of the Majestic's whistle answered her and other ships awaiting to welcome the new liner took up the refrain.

Captain A. L. Peterson, veteran pilot who always takes in the Muretania and the Olympic climbed aboard the Majestic just inside the light ship and brought her in. After two hours in quarantine, due more to her own immense size than to any sickness aboard, the Majestic was cleared. Then she broke another record. For the first time in the history of shipping in New York Harbor a liner over 500 feet long turned in her own length in quarantine. Tugs fore and aft did the trick and by the effort, the Majestic saved at least half an hour in her docking time.

It was the trip up the river which was her real welcome. Tugs, steamers and even people on shore were noisy in their greeting to the biggest ship afloat. From Staten Island until thousands packed on the White Star pier sent up a great cheer the Majestic's trip was one of triumph.

triumph. Her whistles were going steadily as she attempted to answer salutes from all sides. Captains Peterson and Hayes put the Majestic into her dock on a rising tide, but they failed to make allowances for the giant vessel's momentum and she scraped into the pier, shattering two sections and breaking several windows. She was directly off the dock at 4:07. She was tied up and the first persons were allowed to leave her at 4:35.

"She did better than 25.50 on an average," reported Captain Hayes, "and at no time were we using her full boiler capacity. I held her back purposely. I wanted to feel the ship. She is, to my mind, certain to break all existing records for speed afloat."

RUSSIANS REFUSED TO DINE ON CROW

The Starving Peasants Drew the Line on Crow Meat—Were Only Things in Famine District That Survived.

BUZULUK, Samara Province, Russia.—Eating crow seems literally to have been the one thing the famine stricken peasants of the Volga has refused to do. During the worst periods of the hunger suffering, when cats, dogs, clay and even more ghastly food substitutes have been greedily devoured, the country has been full of big, black and gray crows.

So bold are these scavenger birds and apparently so unbothered by even the hungriest peasants that some of them even perch upon and peck at meat supplies laden in sleds for transport from the railway station to the villages.

Some of them may have been eaten, but the correspondent saw literally hundreds of them at every place his train stopped from Samara on the way to Orenburg. They were the fattest creatures in the famine area.

Peasants with whom the correspondent talked on this apparent anomalous condition, in a region where one instance of cannibalism had been reported, admitted that crows might be as good to eat as dogs or cats, but advanced various vague reasons as to why their birds had not been slaughtered for food.

Some said there were no guns or ammunition to shoot them and that they were extremely hard to trap or catch. Others said they were "unclean."

WILL COMMEMORATE DICKENS' ANNIVERSARY

LONDON.—Lovers of Dickens are preparing to participate in the commemoration of 80th anniversary of St. George's Church, where little Dorrit rested on the night after the party when she was too late to return to the Marshalsea Prison. Later she was married in the church. Dickens was also a worshiper there during his boyhood and often attended the services later in life.

The present church was built in 1734 on the site of the first church which was given by Thomas Arden to the monks of Bermondsey Abbey in 1122.

ALTER HAS SLIGHT LEAD IN CLOSE RACE

(By The Associated Press)

PHILADELPHIA, May 7.—Returns early today (Wednesday) indicated that the contest for the Republican nomination for governor at the primary election yesterday was one of the closest in years. With more than half the state heard from Attorney General George Alter was leading Gifford Pinchot by about 21,000.

Return from 4,096 out of 7934 districts in the state gave, Alter 309,888; Pinchot 288,274. Pinchot was leading Alter outside of Philadelphia and Allegheny county in which Pittsburgh is situated. The vote from 2593 out of 5,188 districts outside of Philadelphia and Allegheny gave Alter 112,413 and Pinchot 199,125.

For the Republican nomination for United States senator to fill the unexpired term of the late Senator Penrose, George Wharton Pepper, of Philadelphia, present senator by appointment of the governor, is leading by a substantial majority over Congress at Large William J. Burke of Pittsburgh. Returns from 2945 districts out of 7934 in the state give Pepper, 282,510; Burke, 125,689.

Returns at 2:30 A. M. showed that Pinchot was leading in 61 of the 67 counties in the state. Alter was leading in Allegheny; Dauphin, which includes Harrisburg; Delaware, the home of Governor Sproul who supported Alter; Fayette, the home county of United States Senator Crow, and Green and Hays county.

MAKE PLANS FOR PROHIBITION CAMPAIGN

(By The Associated Press)

CHICAGO, May 16.—Reorganization of the state prohibition enforcement department and inauguration of a more active campaign against prohibition law violators was seen today in the appointment of Colonel L. G. Nutt, former chief of the narcotic section of the internal revenue bureau as associated federal prohibition director for Illinois.

Colonel Nutt arrived in Chicago today and immediately held a conference with department heads in the prohibition enforcement offices. It was said later that Colonel Nutt had come to Chicago to eliminate some of the "red tape" that has been hampering the work of the local agents.

Colonel Nutt directed the drive in Florida recently in which scores of bootleggers were arrested and hidden caches of smuggled whiskey were found.

REFEREE STOPS WRESTLING MATCH

Chicago, May 17.—The wrestling contest between Marian Plestina of Chicago and John Pesek of Sheldon, Neb., was stopped by Emil Thiery, referee, at 1:30 this (Wednesday) morning after they had wrestled three hours and 22 minutes.

Both men were exhausted. The match, billed as a finish bout, was declared no-contest by Referee Thiery.

Plestina claimed he was partly blinded after the first fifteen minutes of wrestling when Pesek stuck his fingers into his eyes. A physician examined Plestina in his dressing room after the bout and said the wrestler's eyes had been injured. Ringside spectators said Pesek, outweighed approximately 45 pounds, had the better of the contest. He was more aggressive than Plestina, who escaped many times by tugging his lighter opponent to the ropes.

office had always been considered the personal property of the retiring treasurer and had always been delivered to previous treasurers.

Judge Edwards ruled that it was permissible to show that the books had been disposed of following the custom of the office, not as a defense in the governor's trial but as an explanation of the circumstances, but that the system could not be used as a defense, and that he would so instruct the jury.

"My understanding of the law is that it is no defense, the fact that some other official may have done likewise," the court said. "I think the court will be required to give an instruction to that effect at the conclusion of the case that is that it is no defense."

Former Jacksonville Resident On Stand.

The defense brought out in cross-examination of Thomas Hughes an employee of the treasurer's office a state witness heard today that the safe account had been continued under the administration of Edward E. Miller, present state treasurer until the new state banking act became a law. That act prohibits private banks, such as the Grant Park Bank, Mr. Hughes testified on cross-examination that the two accounts, vault and safe fund had existed for a number of years starting during Mr. Small's term in 1917, 1918.

"As a matter of fact the same two accounts existed under the administration of the present state treasurer in 1921, didn't they?" Mr. LeForge asked.

"To the best of my knowledge, yes."

"And it was only when the new banking law went into effect that there was any change?"

"Yes."

The two witnesses whose testimony was stricken out were E. H. Wellingshoff and F. L. Felch, both employees of the state treasurer's office.

The defense objected on the ground that the janitor of the state house or anybody else could be brought in and asked the same question and that such a negative showing was not permissible evidence.

The court sustained the objection and the state then released a number of other employees of the treasurer's office who had been brought to Waukegan under subpoena to testify to the same thing.

Mrs. Mary Wade of Griggsville was among callers in the city yesterday.

FLOOD FUND

TOTALS \$16,500

SPRINGFIELD, Ill., May 16.—A total of \$16,500 from the flood relief funds being gathered by the Red Cross and Governor Small's flood relief committee will be expended within the next day or two for carloads of seed grains and stock feed for immediate distribution in the flood areas of Illinois.

V. Vaniman, of the agricultural extension department of the University of Illinois, will direct the purchase and shipment of supplies.

The action was taken here today in a meeting of representatives of the Red Cross from the sixteen flooded counties and members of Governor Small's committee.

Walter P. Davidson of Chicago, manager of the Central District of the American Red Cross presided.

ANOTHER DELAY IN BRITISH TRIAL

LOS ANGELES, Calif., May 16.—Failure to complete the identification of a pair of glasses resulted in another delay today in the trial of Arthur Burch for the murder of J. Belton Kennedy. Court adjourned an hour ahead of time because the testimony needed for the identification was not available with the understanding that one more witness would be produced tomorrow, after which counsel would begin arguments.

Kellogg's SHREDDED KRUMBLES
deliciously flavored WHOLE-WHEAT

Make your Child a "Winner"!

Responsibility for physical and mental equipment of children rests with parents! Start today with the question of proper, balanced nourishment!

You can't grow strong, vigorous children with the devitalized foods that are served today—foods robbed of life-giving elements! Your children should eat Kellogg's delicious whole-wheat KRUMBLES—with the full, enticing flavor of whole wheat for the first time in food history! Its body-building qualities are wonderful!

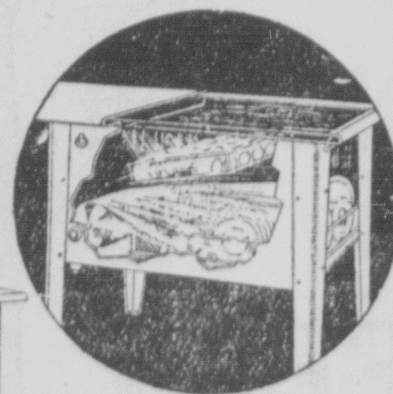

KRUMBLES are not only delightfully good, but they contain every atom of the whole-wheat berry, and they make red blood and bone and tissue as no other food can—because KRUMBLES supply every food element the body needs to thrive on!

KRUMBLES renew strength of men and women for the day's work and they sustain the aged as nothing else can! All grocers sell KRUMBLES!

The only whole-wheat food with a delicious flavor!

Come, See the Western Electric
Dishwasher and Kitchen Table

Another Item of Household Drudgery Eliminated

We have the electric washer, the sweeper, the toaster, and a dozen other labor savers in the home, and now—the dishwasher.

Of all the household tasks a woman has to do, none does she dislike more than that of dishwashing—it's a mean, slavish, disagreeable work—three times a day, no matter the weather, no matter how she feels, dip, dip, dip, into hot, greasy dishwater. But, now all this is eliminated in the home—ten to fifteen minutes does the trick, in a clean, pleasant manner.

Here's How it Operates

First, the lower rack in the dishwasher is filled with the plates, saucers and platters. The silverware is also placed in the proper compartments.

The upper rack is then put into the dishwasher, and cups, pitchers and glasses are placed in it.

When all the dishes are in place a tea kettle or an eight-quart bucket full of hot water in which a tablespoonful of washing powder has been put, it poured into the dishwasher and the lid is closed.

The motor is then switched on. This turns the paddle wheel which throws the water at great speed over and around every article, thoroughly cleaning all sides of dishes and silverware.

In eight minutes the dishes have been washed and are ready for rinsing. The water in the dishwasher is then drawn off and another eight quarts of boiling water for rinsing is poured in.

In three minutes, the dishes are rinsed and the motor is turned off. It is only necessary to

dry the silverware and glasses, which must be polished with a dry towel. By the time this is done, the china has dried of its own accord and is ready to be placed in the china closet.

The dishwasher cleanses itself, because the same water that rinses the dishes also rinses out the machine.

The dishwashing has taken only 12 to 15 minutes, with practically no work on the part of the housewife and with no dipping of hands into hot greasy dishwater.

LARGE ACREAGE IS DIVIDED BY WILL

Bernard Stenemeyer Left Farm
Land in Morgan and Sangamon
Counties to His Children.

The will of Bernard Stenemeyer, just placed on record in the office of County Clerk Rizzo, makes disposition of a large estate, constituted mainly of farm lands. The testator made provision for a monument not to cost in excess of \$500 and to be erected in the Catholic cemetery near New Berlin.

Notation was made that most of the personal property had already been distributed, but some direction was given with reference to a division of household goods and furniture.

It was provided that any funds on hand at the time of the death of the testator should be distributed equally among the six children after the payment of debts and funeral expenses.

The land bequests were as follows:

To Stephen Stenemeyer the west one half of the southwest quarter of section 1, and the south west quarter of the northwest quarter of section 1, township 14, range 8 Sangamon county.

To Katherine Stenemeyer, the south half of the east half of the west half of the southwest quarter of section 25-16-8, Sangamon county; also the south half of the southeast quarter of the southeast quarter of section 3-14-8, situated in Morgan and Sangamon counties.

To Sophia Reichart for life and then to her children, the northwest quarter of the southwest quarter of section 25; the west half of the southwest quarter of the southwest quarter of section 25, and the north half of the west half of the east half of the southwest quarter of section 25-16-8, Sangamon county; also the south half of the southeast quarter of the southeast quarter of section 3-14-8, situated in Morgan and Sangamon counties.

To Josephine Stenemeyer, the east half of the southwest quarter of section 3-14-8, in Morgan county, and the south half of the west half of the east half of the southwest quarter of section 25-16-8, Sangamon county; also the south half of the southeast quarter of the southeast quarter of section 3-14-8, situated in Morgan and Sangamon counties.

WILL NOT CHANGE LEVIATHAN'S NAME

(By The Associated Press)
WASHINGTON, May 16.—The former German liner Leviathan, which was used in transporting American troops during the war, will retain its present name and not be named for President Harding at the request of the president himself, the shipping board announced today. Instead the Hawk-eye State, known as the board's capital ship, will be named the President Harding, while the Golden State, recently named for President Taylor, will be christened the President Cleveland.

President Harding said he felt "the board made a mistake in changing the name of the Leviathan—a name that has an overpowering national sentiment that symbolizes the participation of this great vessel in the world war and during that period in which she was engaged in returning our forces from European battlefields."

ELECT FOUR BISHOPS THEN TAKE RECESS

Hot Springs, Ark., May 16.—After taking five ballots which resulted in the election of four of the five bishops to be named at this time, the nineteenth quadrennial conference of the Methodist Episcopal church, South, recessed this evening until tomorrow when the next ballot of the Episcopal elections will take place.

These men were selected today: Dr. J. E. Dickey, Griffin, Ga.; Dr. W. B. Beauchamp, Nashville, Tenn.; Dr. Sam R. Hay, Houston, Texas; and Dr. H. M. Dobbs, of Anniston, Alabama.

THEODORE ROBERTS DIED LAST NIGHT

Well Known Colored Resident
Passed Away After Brief Illness.
—Had Lived Here Many Years.

Theodore W. Roberts, one of the city's best known colored residents died at his home, 426 East Superior avenue at 9:05 o'clock Tuesday evening of pneumonia after a brief illness.

Decedent was born in Hannibal, Mo., July 4th, 1841 and grew to manhood in that city. He was united in marriage before the civil war to Miss Harriette Blue, of Paris, Mo., who preceded him in death.

He is survived two children, Samuel Roberts and Mrs. Ella Johnson both of this city. Four children preceded him in death as did one sister.

Fifty nine years ago Mr. Roberts came to Illinois and most of his life since that time has been spent in Jacksonville. During the civil war he served as corporal in the 56th Infantry receiving his honorable discharge at the close of the war.

Mr. Roberts was a cook by occupation and was well known throughout the city and adjacent country in that capacity. He was an especial favorite with Jacksonville residents who went on camping trips and accompanied many of them to club houses and resorts along the river. He was a member of Mt. Emory Baptist church and took an active interest in the affairs of the church. He was a man highly regarded by all.

Funeral services will be held from Mt. Emory church at 2:30 o'clock Friday afternoon in charge of the Rev. W. H. Snowden assisted by the Rev. R. H. Hackley. Burial will be made in Jacksonville cemetery.

STEEL FABRICATING COMPANIES MERGE

Announcement has been recently made of the merger of the Christopher & Simpson Iron Works Co. of St. Louis and the Decatur Bridge Co., Decatur. The new concern will be known as the Mississippi Valley Structural Steel Co. with a capital of \$1,500,000. The company thus becomes the largest structural steel fabricating concern west of Pittsburgh.

W. M. Wood of Decatur will be the president and William S. Simpson, Jr., of St. Louis, vice president. The plant of the company will have a capacity of 40,000 tons of fabricated steel a year.

The officers of the Illinois Steel Bridge Co. of this city have business relations with the officers of the company joining in this merger.

PROTECT YOUR CLOTHES AND FURS FROM MOTHS
—Do it the sure, convenient, inexpensive way

Keep your garments, wraps and bedding stored in a well-made, moth-killing

Genuine Red Cedar Chest

Millions of dollars worth of clothing, furs, blankets and textile goods are destroyed every year by the ravages of moth-worms.

The United States Department of Agriculture recently had a series of tests conducted to determine the value of Red Cedar Chests as protection against damage by moths. The Department's Report shows how these chests "are effective in protecting fabrics from clothes-moth attacks" because "cedar chests do kill young larvae" (moth-worms.)

This is Cedar Chest Week—May 15th to 20th

We have a complete stock of these Chests ready for your inspection in a variety of styles, designs and prices, and in finishes which will match period furniture.

Now, when you are getting ready to lay away your Winter things, is the time to get one of these Chests and make sure of safe storage for your clothing and furs.

Come in and ask us for a copy of this valuable booklet. It tells what the Department of Agriculture tests proved about the value of Cedar Chests and how to care for your garments to insure their safety.

Your copy is here, ready for you, with our compliments—no charge.

FRANKLIN HOMEMAKERS CIRCLE MET TUESDAY
Members of the Franklin Home makers circle met Tuesday afternoon at the home of Mrs. Samuel J. Camm. There was a fair attendance, considering the unfavorable weather conditions, among the guests being Miss Margaret Jefferson of Jacksonville; Mrs. Ausco Lloyd of Alexander and Mrs. Carl Roberts of Franklin.

The program arranged for the afternoon was interlarded with to some extent by the non-attendance of members, but a number of musical numbers and readings were greatly enjoyed by those present. Miss Katherine Keenan of Alexander gave an instrumental solo and there was a vocal number by Mrs. Arthur Van Winkle. Several readings were given by Miss Margaret Kamm. At the close of the program came a pleasant social hour and the hosts served delightful refreshments.

DEATHS

Rapsilber.
John Gottlieb Rapsilber, aged resident of this community passed away at the family home west of Jacksonville, Tuesday morning at 1 o'clock.
He was a native of Germany being born October 26, 1840, and came to the United States 68 years ago. He first resided in Southern Illinois, where he was united in marriage to Miss Mary Hesselmann. He followed farming as an occupation. They did not remain long in southern Illinois, removing to Jacksonville. They were the parents of thirteen children, ten of who together with the mother survive. The living children are: George and William Rapsilber, St. Louis; Frank, Jacksonville; Henry, Quincy; Mrs. Louis Barsell, Boston, Mass.; Albert, Louis and Otto, Jacksonville; Miss Annie of Boston and Oscar of Galesburg.

Funeral services will be conducted at the family residence by Rev. J. G. Kuppler, pastor of Salem Lutheran church Wednesday afternoon at 2 o'clock. Mr. Rapsilber was a member of the Salem Lutheran church. Interment will be made in the Diamond Grove cemetery.

WILL ATTEND U. C. T. CONVENTION AT DECATUR

Delegates from the local U. C. T. post to the convention at Decatur May 19 and 20 will be H. A. McLaughlin, Lloyd S. Ross and James R. Leath. Among others who will be at the convention will be W. S. Ehme, secretary, L. R. Craig, member of the good roads committee, and Vincent Lavery.

As indicated this will be the 24th annual session of the organization and 250 delegates are expected to attend in addition to several hundred visiting members. There are 30 councils in the state with a membership of 5,575. In addition to the business sessions there will be a number of social features and the Decatur committee are making ample preparation for the entertainment of their guests.

GRADUATING EXERCISES AT SCHOOL FOR BLIND

Announcement has been made that the graduating exercises of the Illinois school for the Blind this year will take place on Friday evening, June 2. The principal speaker will be Judge C. H. Jenkins, of Springfield, member of the state board in charge of state institutions. The presentation of diplomas will be by Lawrence Becherer, state superintendent of charities.

Work on the new dormitory for girls at the School for the Blind is to begin this week and will be rapidly pushed to completion. It will cost approximately \$10,000 and will house fifty students.

W. W. WRIGHT MADE TRIP TO RUSHVILLE

Walter W. Wright left yesterday for Rushville on legal business connected with the cases of the Greek railroad workers arrested in connection with the Schuyler county riot. Mr. Wright went to Rushville at this time particularly because of the case of James Vontos, who was recently arrested on a warrant charging murder and taken to Rushville. Mr. Wright was accompanied to Rushville by CVhristos Geneatos.

DIAMONDS STOLEN FROM HOME IN BEARDSTOWN

Beardstown May 16—The home of Mrs. Minnie Krohe in this city was entered by thieves early Sunday evening and diamonds to the value of \$700 taken, together with a small sum in cash. The robbery occurred while Mrs. Krohe was at church, and entrance was made by breaking open a screen door. The jewels were purchased many years ago in Germany and were greatly prized by the owner. No clue as to the identity of the thieves has thus far been discovered.

The directors of the Jacksonville Savings and Loan Association recently determined to issue 1,000 shares to new members to increase the funds for home builders.

The applications for loans are being made in such numbers that immediate increase in membership of investors is necessary to provide funds. It is hoped to bring the income of the association up to an amount where several thousand dollars a month will be available to loan to those who wish to build or own their own homes. This should create an additional impetus to the building industry and provide employment for many more mechanics and tradesmen as well as relieve the housing and rental problems in Jacksonville.

MANUAL TRAINING WORK SHOWS RESULTS
Many mothers of Jacksonville high school boys, and fathers as well, were delighted Tuesday when the boys arrived home bringing the result of their work in the manual training department of the school.

Tuesday was the day set for the release of all such articles and the proud lads got together their cabinets, footstools, hat racks and chairs and started home with their big surprise.

The boys have been doing good work in a practical way. Examination of a number of the articles carried showed them to be equal in design and finish to that turned out by skilled craftsmen.

RUNAWAY CAUSED SCARE.
A runaway caused some excitement on West Lafayette avenue Tuesday morning, but slight damage resulted. The horse belonged to a farmer living in Woodson community and was hitched to a buggy. One wheel of the vehicle was demolished and the harness was broken in one or two places.

John M. Stice of Prentice was listed among the business callers in the city yesterday.

OPERETTA WAS GREAT SUCCESS

Gypsy Rover Was Present Before Large Audience at High School Last Night.

The operetta, "Gypsy Rover," was presented to a packed house in the auditorium of the High school last evening in a very commendable manner. The members of the cast reflected much credit on the committee which directed the production which was composed of Misses Lena Hopper, Adele Shelah and Emma Mae Leonard. The cast was selected from the pupils of the music department of the school, and showed much talent.

John Hackett and Harland Moses were the business managers for the production, and John Bolman and Lester Wood were the stage managers. The program as rendered was as follows:

MANUAL TRAINING WORK SHOWS RESULTS

Many mothers of Jacksonville high school boys, and fathers as well, were delighted Tuesday when the boys arrived home bringing the result of their work in the manual training department of the school.

Tuesday was the day set for the release of all such articles and the proud lads got together their cabinets, footstools, hat racks and chairs and started home with their big surprise.

The boys have been doing good work in a practical way. Examination of a number of the articles carried showed them to be equal in design and finish to that turned out by skilled craftsmen.

RUNAWAY CAUSED SCARE.
A runaway caused some excitement on West Lafayette avenue Tuesday morning, but slight damage resulted. The horse belonged to a farmer living in Woodson community and was hitched to a buggy. One wheel of the vehicle was demolished and the harness was broken in one or two places.

John M. Stice of Prentice was listed among the business callers in the city yesterday.

SOCIETY

Congregational Society Elects Officers.

The members of the Ladies' Aid Society of the Congregational church held an all day meeting yesterday in their rooms at the Pilgrim Memorial. The time was given to sewing and at noon a luncheon was served by a group of the ladies. In the afternoon a business meeting was held and the following officers were elected for the coming year: President, Mrs. T. P. Carter; vice president, Mrs. W. A. Bancroft; secretary, Mrs. M. H. Hutchinson.

This was the first annual meeting of the society since the reorganization under the new constitution. Mrs. George Bancroft presided at the session and during the time the reports of the different committee chairmen were given. These reports showed that the year just past had been a most successful one, both from the financial standpoint and from the standpoint of work accomplished by the organization.

Entertains Society.

Miss Ruth Henderson entertained the members of the Philathea Circle of the Christian church on Monday evening at her home on South East street. The affair was in the nature of a farewell party for Miss Harriet Davis, a member of the class who left Monday night for Mangun, Oklahoma, to visit at the home of her sister. During the evening there was a rehearsal for the play, "The Ideal Husband" which the circle will present at the annual party which they plan to give Thursday night at the Old People's Home. The remainder of the evening was spent with a pleasant social time and the hostess passed attractive refreshments.

Entertain Club.

Mrs. Leo Johnson entertained the members of the Entre Nous Club last evening at her home on West North street. This was the regular meeting of the club and about twelve members were present. The evening was most delightfully spent in a social way and the hostess served attractive refreshments at a late hour.

Strawn's Crossing Club Met With Mrs. Green.

The Strawn's Crossing Club held its regular meeting Tuesday afternoon with Mrs. Frank Green. There was a large attendance of members and several guests. In the absence of the president Mrs. Edward Phillips the vice president was in charge of the meeting. Mrs. William Thompson gave an interesting talk on "How I Earn My Pin Money." This was followed by a general discussion. The club also planned to hold a social the date to be announced later. Following the business session a social hour was had and the hostess served delicious refreshments. The next meeting with Mrs. J. W. Rawlings will be held Wednesday May 31 instead of the regular date, Tuesday, May 30.

Fourth Ward Parent-Teacher Association Met Yesterday.

The Parent-Teacher Association of the Fourth Ward met at the school Tuesday afternoon. It was the last meeting of the year and reports were made and officers elected. There was a good attendance when the president, Mrs. G. E. Baxter called the meeting to order.

Mrs. A. H. Doller, secretary read the minutes of the last regular meeting which were approved. Mrs. John R. Phillips gave her report as treasurer and Miss Maudie Ryman public school nurse gave a report on the serving of milk which proved most interesting.

Last fall the association at the suggestion of Miss Ryman made arrangements for the serving of milk to children who were under weight. When the serving began 28 per cent of the school were 10 per cent underweight. At this time only 8 1-2 per cent of the school is ten per cent underweight.

The association last year installed some playground apparatus and plans were made for the installation of swings before school opens next fall.

Mrs. Wilder chairman of the nominating committee made her report on the nominations for the ensuing year and the report was accepted and officers elected. They are:

President—Mrs. L. V. Baldwin.
Vice President—Mrs. Stanley I. Davis.
Secretary—Mrs. A. H. Doller.
Treasurer—Mrs. Lloyd Hamilton.

Press Reporter—Mrs. Thurman Haskell.
Mrs. Baxter the retiring president who was delegate to the Illinois Council of Parent-Teacher associations held in Chicago made an interesting report of the meeting. A social followed and refreshments were served. The fifth and sixth grade mothers were hostesses for the afternoon.

Birthday Surprise for Mrs. Mary Bollyard.

There was a family gathering Sunday at the home of Mr. and Mrs. H. A. Wax, northeast of the city, the occasion being in honor of the 60th birthday anniversary of Mrs. Mary Bollyard of Meredosia. A sumptuous dinner was served at noon and the afternoon hours were very pleasantly spent.

Among those present were Mr. and Mrs. Clarence Brown and daughter, Barbara Jane, and Miss Helen Bollyard, all of Meredosia. Rex Bollyard of Jacksonville and Mr. and Mrs. Sam Amacher of Farmer City; Mr. and Mrs. C. P.

PACKING PLANT NOW ON FULL TIME

Business of Powers—Begg Company Important to Jacksonville—Shipments Made to Distant Markets.

The business of the Powers-Begg Packing Co., easily ranks as one of the most important in Jacksonville. The city has a special interest in this business because it furnishes employment to so large a number of men. Occasionally there are shut downs but generally speaking the plant is in operation all the year thru. Just now there are sixty-five men steadily at work there, according to a statement made yesterday by Fred Begg, secretary-treasurer of the company and manager of the Jacksonville plant.

Mr. Begg was not talking for publication, but answered a number of questions about the business. "We killed 1100 hogs last week" he said "and that will be about the run this week. In addition to some cattle. However, at the present time the major part of our attention is given to the hog department. A car of lard we are shipping today goes to New York and is destined for Liverpool. Part of the shipments go to points in Canada and there is at present no lack of demand. "We buy all the hogs that are available here about and have dealers in adjoining counties who ship to us regularly. However, it not frequently happens that we cannot get enough hogs in this way and it is necessary to go into the market and buy them. Monday we shipped in two car loads purchased in St. Louis. One of the orders we had called for light hogs to average about 170 pounds and because of the necessity of having this uniformity of size we went into the market and bought the selected load.

No Market Control
"That very happening illustrates the effect that the independent packers have on the market. In recent years there has been a great increase in the number of smaller packers and just as is the case here, they often go into the market to buy hogs because they cannot get enough at home to supply their needs. There are enough of these purchases by the smaller packers to make it impossible for the larger packers to have just their own way in the markets."

Asked if he expected the present strong prices for hogs to continue, Mr. Begg said the indications are that about present levels will continue. "There may be changes," he said, "but it begins to look as if the day of 5 and 6 cent hogs was gone. I remember that a few months ago there were prophecies from some sources in the packing industry that 6 cent hogs were near at hand, but not long afterward the market began to go to higher figures and these higher prices have been continually maintained. Even the men who seemingly are the best informed in the whole packing industry are often in error about future prices. So experience abundantly proves that it is a very dangerous thing to prophesy what the future holds in market prices, and in talking about prices I merely give my impression and am free to say that just the opposite may happen."

A Made in Plant
People who have had business relations with the Powers-Begg

Co. or who have had occasion to visit the plant, know that it is a thoroughly modern plant and that business is carried on in a way that affords proof of the capability and judgment of the directing officers.

The packing business is one beset with difficulties and intricacies and a man who would attempt to direct such a business without having had abundant experience would be in an excellent way to lose a "wad" of money.

OFFICIAL BALLOTS MAILED LAST NIGHT

V. R. Riley and Earl Spink Withdraw From Race — Marcus Hulett Is Named in His Stead.

The official ballot for the election of six directors for the Chamber of Commerce to serve during the next two years, were mailed last night. They must be returned to the Chamber of Commerce election committee by 7 o'clock on the evening of May 19th, in order to be counted. Owing to the fact that Vincent R. Riley has withdrawn from the race the name of Marcus Hulett has been placed on the ballot. Mr. Hulett and Earl Spink polled the same number of votes in the primary, but Mr. Spink withdrew his name in favor of Mr. Hulett. This makes the list of nominees as follows: W. E. Sullivan, R. Y. Rowe, J. W. Morrison, T. M. Tomlinson, H. M. Andre, L. S. Reid, Fletcher Hopper, Paul Samuel, E. A. Brennan, L. F. Randall, A. R. Taylor and Marcus Hulett.

After the new directors are elected the by-laws provide that the board must organize within ten days after the election. At the time of this meeting the president, two vice presidents and a treasurer will be chosen by the executive board of the organization.

WEEKLY CROP REPORT FOR GREENE COUNTY

Apple Crop Prospect Excellent in Greene County—Considerable Acreage of Oats Sown and Wheat in Fine Condition.

White Hall, May 16.—A plague of bull gnats was a predominant consideration of the greater part of the past week, according to the local crop and weather report for the week ending Monday. While the report did not go into the amusement business, it might have mentioned that the community is also infested with a carnival company, whose business has strong competition in the daily visit of a band from a show making a stand at Roodhouse during the week. A Penticostal revival is said to be slated for next week under a tent, and thru it all Evangelist Lintin is hammering away in the M. E. church against this drifting away from things eternal, while Manager Lyman is enjoying an exceptionally good run of business at the Princess theatre. So the summer entertainment is open in earnest. Gregory Park has already become a favorite mecca for pedestrians and auto parties.

Referring back to the weekly weather and crop report, as issued Monday, the week had two good showers, on the 10th, and 12th, followed by a light shower Sunday afternoon that was exceedingly beneficial and all kinds of farm work made good progress under the almost ample sunshine. The highest temperature reading was 87 degrees on the 11th. There was been considerable of an acreage of oats sown, notwithstanding the lateness of the oats season. There has been improvement in the damaged sections of winter wheat on the lower places, and the condition of that crop is good to excellent.

There is a continued excellent outlook for an apple crop that has prospect of being a record-breaker. Fruits and vegetables in a general way may be recorded as excellent. Local strawberries will begin to ripen by the last of the present week. This crop is increasing in importance within the city limits of White Hall. There are eleven growers who find a market in White Hall and Roodhouse for their entire yield, but if the acreage increases next year the local trade territory for strawberries will begin to reach beyond the usual limits.

CHINAMEL DEMONSTRATION at H. L. SMITH HDW. CO. NAPLES MAYOR EXPRESSES THANKS

The following letter was received from Mrs. John Chambers, the mayor of Naples, by the local flood relief committee. The letter shows the appreciation of the people of Naples for the efforts put forth by Jacksonville and its citizens in behalf of the many flood sufferers. The letter is printed below:

Chamber of Commerce, Jacksonville, Illinois.
Dear Sirs:

Received your letter of recent date in which you state you have sent Nine Hundred and Fifty Dollars and Forty-six Cents (\$950.46) to the Farmers and Traders bank at Merced.

We have also received groceries and potatoes. Again in behalf of the people of Naples and vicinity, I wish to thank you, the Chamber of Commerce and the people of Jacksonville for their generous and much appreciated donations.

Most of the people are back in their homes now and the work of repairing their homes and the damages done by the flood has begun. And the money you so generously gave is being used for that purpose.

Thanking you many times and will say in closing that though others have been most generous none have given so freely as the people of Jacksonville.

Yours sincerely,
Mrs. John Chambers,
Mayor of Naples.

PROFESSIONAL MEN SEEK PULPIT JOBS
BOSTON—Two lawyers, two men who are employed in banks, and one man has been working in a department store are candidates for Unitarian pulpits. It was announced today by the American Unitarian Association in a report on recruiting the ministry, submitted in advance of the annual meetings of the Association and other denominational agencies to be held here from May 21 to May 26.

In the list of 25 candidates are a number of men whose training has been in fields other than the ministry. With the above are listed a teacher of English in a Western college, a director of community service, a government employee, several men now in business, and three men who are sons of Unitarian ministers. Only seven of the candidates were reared in Unitarian homes.

The Unitarian Laymen's League, which invited all active Unitarian ministers to attend summer schools of theology at Harvard in 1920 and 1921, and at the University of Chicago last year, will provide an institute next July. The ministers will be entertained by the League in the buildings of Phillips-Andover Academy, Andover, Mass.

WHITE HALL RUNAWAYS TURN UP IN COLORADO

Boys Who Left Home to See the World are Located at Pueblo, Colo.—Other Interesting News From Greene County.

WHITE HALL, May 16.—Truman Boyd and Gale Bridgwater, who left home two weeks ago under boyish impulses to "see the world in an A No. 1 fashion," turned up at Pueblo, Colorado, Saturday, placing themselves in charge of the chief of police, who wired the White Hall authorities for disposition.

Boyd is the son of G. W. Boyd, and the latter has arranged for ticket and all necessary expenses for the return of his son. Bridgwater is the son of Frank Bridgwater, and the latter takes the attitude that the boys should be allowed to linger under a good lesson for a period of time. Both boys came from the best of homes, and they have learned a lesson of the world that is worth a long period of theoretical training in the highest institutions of learning.

Truman is 15 and Gale is 16 years of age, and they were members of the high school. Gale's father is not of a harsh disposition, as might be inferred, but he is of the intensely practical sort of man (often referred to as the Theodore Roosevelt of White Hall because of his Roosevelt appearance and manner) who desires to make the best of the opportunity to drive home a lasting lesson for the benefit of his son or any other boy who may have itching feet. However, both boys are expected

to leave Pueblo Tuesday together for White Hall.

An examination for the position of postmaster at Roodhouse was conducted by Examiner Carl M. Davidson in the high school at White Hall Saturday. Those participating were John McConathy, Claude B. McGowan and George M. Wyatt. Frank L. Thompson, former postmaster, stands on his former examination of a year ago, whose resignation resulted in the naming of William C. Roodhouse to fill the position that was followed by an examination a year ago, the result of which, whoever was the high man, failed of confirmation by the senate and the present examination was ordered. Mr. Roodhouse did not come to White Hall for the re-examination Saturday, preferring to go to East St. Louis for the same purpose, the examination being held at both points.

Renewed activity in the sale of War Savings Certificates has been undertaken by Postmaster J. E. Wyatt since the conference of postmasters of Greene county recently. Last week's sales aggregated \$1,000.

Announcement of the results for April in the state egg-laying contest at Murphysboro again brings into prominence the poultry establishment of Ward L. Hull located immediately north of White Hall. His pen of White Leghorns led all breeds for the month of April, laying 118 eggs. Two of the five tied with two others for individual honors in the light-weight classes by laying 25 eggs each and four of the five ranked with the five highest in the light-weight or Mediterranean class.

This gives Mr. Hull his second cup this year, he having won first honors in the February results. In March he took second place in the light breeds. This is the first year of the egg-laying contest that is being conducted by the state at Murphysboro.

The long test at Quincy for the past two years induced the Murphysboro addition to the efforts of the state in behalf of better poultry and egg production, and at Murphysboro the entries are from all parts of the United States. Mr. Hull is taking an ascendancy in the poultry field akin to his high place in the Jersey cattle field.

 Four heaping teaspoons of GRAPE-NUTS for the cereal part of a meal is sufficient for an ordinary person. More may be used if desired.

Don't travel with the brakes on

STEP away from mealtime with more power, not less. It's easy. Simple, natural food puts zest in muscles, ambition in brain, sends health's order, "Go!" to every faculty. Poorly balanced food says, "Wait," "Slow down," "Doze a while!"

Grape-Nuts is a health and energy food, delicious to taste; soundly and scientifically nourishing.

Made of whole wheat flour and malted barley, skilfully blended and slowly baked for 20 hours, its exceptional nutri-

ment is partially pre-digested and developed for quick and perfect assimilation. Crisp and rich in flavor—a captivating appeal to the appetite.

You'll find breakfasts and lunches more enjoyable, and much more helpful if you leave off heavier, starchy foods for a dish of Grape-Nuts with cream or milk. Children grow sturdy and strong on this splendid food. Ready to serve, right from the package.

GIANTS AGAIN BOW TO PITCHER CHEEVES

Giants Able to Hit Cheeves Effectively in Only One Inning—Cubs Hit Toney in First and Third for All of Their Runs.

Chicago, May 16.—Great pitching by Virgil Cheeves, coupled with opportune hitting by his team mates enabled Chicago to even up the series with New York today by winning 3 to 2. Cheeves had only one bad inning when the Giants touched him for four hits including a double by Young and scored two runs. Fred Toney making his first appearance of

the season pitched well but a walk by Grimes gave the locals the first run. They counted two more in the third on Statz' single and doubles by Kelleher and Grimes, the latter's second two bagger. It was the second game of the series which Cheeves won from the World's Champions.

Schaeffer Wins First Block With Cochran

(By The Associated Press)

CHICAGO, May 16.—"Young Jake" Schaeffer, world's 18.2 ball line billiard champion, tonight played some of the poorest billiards in his career, but suddenly reversed his form and by shooting in really championship fashion defeated Welker Cochran of San Francisco in the first block of their 1,500 point match for the title. The score was 500 to 421.

During the early innings the match was so uninteresting that many persons left the hall. Neither man seemed able to handle his cue with precision, each repeatedly missing simple shots, although the leaves also frequently were bad. At one time Schaeffer scored only 22 points in eight innings while Cochran was but little better.

Billiardists said the poor play at the start was due to the well known ill feeling between the two each man apparently trying hard to win.

The champion finally recovered his form and in the final three innings averaged 120, including a beautiful run of 262. He went out with an 85 in the 15th inning, leaving the balls well together for his first shot tomorrow night.

The players lagged for the break without shaking hands, Cochran winning and choosing the white ball. He missed the break. Schaeffer made one and missed a bank.

Cochran ran 72 in his second inning. He found the balls in a bad line but after 10 open shots they were grouped and the challenger reached 26 before driving again. Straight caroms made it 35 but the next five included some semi-circular draws that brought much applause. The 46th point was his first masse. Continuing driving he reached 72 when a slight kiss left the balls up. With his cue ball 10 inches from the others Cochran tried a masse and missed.

Three open shots brought the balls together for Schaeffer in his second frame and the champion shooting a miraculously accurate game ran 79 when he missed with the balls frozen. He reached 20 without changing his position at the table and at 40 still had the balls grouped at one end. He did not drive the balls until the 48th point and one shot brought them into position again. The 58th was the first masse while his sixtieth was a pretty masse to the cushion. The rest of the run was made up of delicately played draws and caroms, the 79th leaving the red ball frozen behind the cue ball with the white object ball on the end rail. It was an easy shot and the miss seemed to be thru carelessness.

Cochran ran 94 by giving a nice exhibition of all around billiards in the third inning. He mingled draws, caroms and masses for 46 and the 47th was a masse with the cue ball five inches from the first object. He had to drive several times between 50 and 75 but always got good position an several times he drove both balls around the table for a perfect lie. The miss came with the balls in a line and the objects frozen.

BRENNAN KAYOS JIM TRACY IN 8TH

NEW YORK, May 16.—Knock-out Bill Brennan of Chicago knocked out Jim Tracy of Australia in the eighth round of their contest in Madison Square Garden. Brennan dropped the tall Australian with a series of rights and lefts to the jaw as they stood in a neutral corner.

Tracy, a long, awkward boxer with little ring form, stayed off the heavy punching Chicagoan with long jabs in the early rounds but went down for the count of eight in the sixth round with a right to the jaw. As he came up, dazed the round ended.

Tracy showed great courage by coming back at Brennan after being hard hit and making a nery punch exchange for a spell. Brennan weighed 195 1-2 and Tracy 182.

Tracy, swinging viciously staggered Brennan with a long left to the jaw as the seventh round started. Tracy was then knocked to the ropes with a right to the chin but smiled broadly and again staggered Brennan, this time with a sharp right uppercut. In the eighth after Tracy had landed a straight left to the head Brennan moved him over to a neutral corner and pounded him down with heavy punches to the jaw.

One minute and thirty-eight seconds of the round passed when the referee finished counting over Tracy.

ILLINOIS IN LAST TRACK MEET HERE

Meets Eureka College In Dual Meet Saturday Afternoon—Visitors Have Been Strong in Track for Several Years.

The last home track meet of the season will be held next Saturday at 3 o'clock when Eureka College comes to Jacksonville to contest with the Illinois College track team.

During the past two years Eureka has been very strong in track. In 1920 and 1921 the Eureka team finished second in the Annual Illinois Intercollegiate athletic conference meet in which more than 20 colleges sent Illinois College finished third in the Intercollegiate meets which were held in Peoria and Decatur. Illinois was a close runner-up to Eureka in each case. Eureka has practically her entire team of point winners from last year on hand this season. Lashmet, sprinter and broad jumper, is the only Illinois College point winner lost from last year's team. Hence, a close contest is expected on Saturday afternoon.

This will be the fourth meeting between Illinois College and Eureka teams during the current

school year. Illinois trounced Eureka in football, and each college won the basket ball game played on the home floor. Illinois will endeavor, on Saturday, to maintain the advantage already gained while Eureka will try to even matters.

Even the bands on the STRAW HATS shown by FRANK BYRNS are a mark of superior quality.

DECIDED ADVANCE IN WHEAT PRICES

CHICAGO, May 16.—Buying in the wheat market today assumed the largest proportions witnessed in several months and there was a decided advance in prices. Traders generally construed the United States supreme court decision on the Capper-Tincher act as a bullish influence. The market closed unsettled 2 1/2 to 3 1/2¢ net higher with May \$1.45 1/2 and July \$1.28 1/2 to \$1.28 3/4. Corn gained 1/2¢ to 3/4¢ and oats 1/2¢ to 3/4¢.

In provisions the outcome varied from 2 1/2¢ decline to a rise of 25¢. Stimulating market effects of the supreme court decision were emphasized by a sudden upturn in Liverpool wheat quotations a reduction of 7,798,000 bushels in the world's available supply and by reports that foreigners were purchasing future deliveries of wheat here. It was said also that export business on a large scale was underway at the seaboard and before the day was over there were estimates current that Europe had taken 2,000,000 bushels. Besides advices were at hand that the Kansas crop was deteriorating, especially late sown wheat.

New crop deliveries of wheat showed relatively greater strength than was the case with May, September, establishing a higher price record than at any time heretofore this season. Bull leaders combated assertions that manipulative tactics were responsible for present prices and that Chicago May wheat was out of line with other markets. Receipts of wheat here continue liberal 255 car loads today and there were fresh deliveries of 263,000 bushels on May contracts.

Purchase of 400,000 bushels of wheat to arrive here were reported.

Upturns in the value of corn and oats were ascribed to the action of the wheat market. Provisions averaged higher in line with hogs.

Chicago Livestock Market

CHICAGO, May 16.—Cattle—Receipts 10,000. Beef steers and the stock steady to strong; spots higher top beef steers \$8.85; bulk \$7.65 to \$8.50; bulls steady to strong; bulk hogs \$4.75 to \$4.85; veal calves 50¢ higher bulk vealers to packers \$9.50 to \$10.25; to outsiders \$10.50 to \$11; stockers and feeders slow and steady.

Hogs—21,000. Opened mostly 10¢ higher. Closing with early advance lost on lights; others closing firm; steady to strong; with yesterday's average; practical top late \$10.90; bulk \$10.45 to \$10.90; shippers took about 2,500; holdover fairly liberal.

Sheep—Receipts 13,000. Few choice sheep lambs steady; other classes mostly 25¢ lower. Top shorn lambs \$13; bulk \$12 to \$12.50; top woolled lambs \$15.15. California spring lambs \$13.75 to \$15; with seconds to feeders at \$12.50; top shorn wethers \$8.50, top shorn ewes \$7.75.

NOTICE OF FINAL SETTLEMENT

In the matter of the Estate of John F. Brennan, Deceased.
Notice is hereby given that I, the undersigned administrator of the estate of John F. Brennan deceased, have caused my final report and account as such administrator to be placed on file in the office of the Clerk of the County Court of Morgan County and that I shall apply to said court on Monday the 5th day of June, A. D. 1922 at 9 o'clock A. M. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, and at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

JOSEPH F. BRENNAN, Administrator.
Hugh Green, Attorney for Administrator.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, May 16.—Wheat in the cash market was in good demand today for contract grades with prices 2 to 3¢ higher. Trading basis were firm for all grades except dark, northern strong. There were several reports of 10,000 bushels bought to arrive from Milwaukee and from Missouri river points. It was announced also that 250,000 bushels of red wheat was on the way from St. Louis. The seaboard advised of 2,000,000 bushels worked for export. Sales of 110,000 bushels were made to go to store here.

Building for the Future
IN its determination to continue rendering a maximum service to the 28 million people of 11 states, the Standard Oil Company (Indiana) is mindful of the fact that these people will need gasoline and lubricating oils in continually increasing quantities as the years go by.
During the past two years the number of automobiles registered in this territory shows an increase of over 35%.

The Standard Oil Company (Indiana) interprets efficient service to the community to mean the production of vast quantities of gasoline and lubricating oils of highest quality, for high quality can be of definite service to the consumer only when he can obtain the products he needs when he wants them.
The comprehensive distribution system maintained by this Company makes this possible, for the Company has brought into play every unit of its enormous manufacturing and distributing organization, from the refinery to the bulk station, to the dark green tank wagon that patrols the highways and byways.
As the need for increased facilities becomes apparent, the Board of Directors of this Company expands its activities, not merely to meet the immediate need but always to keep a step ahead.
It is this anticipatory service which has made this Company a leader in its field.

INTEREST SHOWN IN DAIRY CATTLE
Agricultural Students at Illinois U. Organize Dairy Club—Cows Get Hoofs Manicured and Tails Marcelled.
URBANA, Ill., — Agricultural students at the University of Illinois are showing much interest in dairy cattle, according to faculty men. A "fitting and showing" contest has just been staged under the auspices of the Dairy Club.
Twenty students selected from the dairy herd seventeen animals which they desired to fit for the show rings. These animals were scored at the time they were selected by the students who were then given two weeks to fit them. During this period the students were found working on their animals during most hours of the day and night. The clippers, scissors, and manure sets were in great demand except when the animals were being given a bath or being taught to pose.
At the end of two weeks the animals were led into the show ring where they were judged from the standpoint of improvement in appearance and the ability of the students to show the animal. The judges soon realized that they were confronted with a difficult task in placing the animals. The coats of hair were like silk, their horns and hoofs polished until they fairly glistened, and their tails were perfectly marcelled. In addition to having their animals well fitted, some of the men seemed to be natural showmen when it came time for them to pose their animals. The judges succeeded in selecting six men. Later these men were asked to display all their ability in showing their animals for about fifteen minutes during which time the judges decided upon the order of placing.

MANCHESTER
The baccalaureate service of the Manchester high school was held at the M. E. church Sunday evening. There was a large attendance and an interesting program was given. The choir of the church furnished a special musical program and Mrs. Ida Favoright of Jerseyville sang "His Love for Me," which was greatly appreciated by the audience. The sermon was by Rev. Olin Lee, pastor of the church.

RAIN USEFUL
A well known and successful farmer remarked to the writer yesterday that the last rain was not an unmixt evil. Much of the land is hard and lumpy and the rain will serve to dissolve the clods and make the land much better for planting.

SPLENDID PROGRAM AT WOODSON CHURCH
WOODSON, May 16—The services at Unity Presbyterian church Sunday were of an especially noteworthy kind.
There was a good enrollment for the second Sunday of the Lincoln Highway Auto Contest, and the Mothers Day service in charge of Mrs. John Hoagland, was a great success, a small pennant being given to each one present. The evening stereopticon slides on Alaska were very fine and much enjoyed by the congregation. Next Sunday night the pastor hopes to have some more pictures. This is a new venture for Unity Church and we believe it will add greatly as an educative feature and also will be entertaining to young and old.

The IRON BRIGADE
One of the famous organizations of the civil war was the "Iron Brigade" which did such valiant service beginning with the first battle of Bull Run. It was composed of the second, sixth and seventh Wisconsin, the 24th Michigan and 19th Indiana regiments and Battery B. of the 4th Regulars. The body saw hard service and won many laurels during the great conflict.
Comrade Charles Patrick, 221 South East street, was a member of the 2nd Wisconsin regiment and has received an invitation to be present at a reunion of the

SOME BANKERS WILL EAT AT COLONIAL INN
When the program of the bankers' convention was printed it was announced that the delegates would dine at Duncan memorial rooms but it has been ascertained that only about half of them could be accommodated there so arrangements have been made to dine half of them at the Colonial Inn.

FISH STORY
Sunday afternoon about 4 o'clock Lohman Wagner and John Roach went a fishing out near the dam. They returned a little after six o'clock with nearly six pounds of fish, which is some catch. The young men must be clever fishermen and no doubt many others will be trying their luck in the same vicinity in the near future.
BREAKS LEG.
Mrs. F. H. Hentz of 704 North Main street had the misfortune to fall off the porch Sunday and break her leg. At last reports she was doing nicely.

Life Insurance as Collateral
Suppose a man has a piece of real estate worth \$5,000 and he finds himself in urgent need of money. Ordinarily he can borrow 50%, or \$2,500 on it, unless it is already mortgaged as considerable real estate is.
Then, take the case of a man, age 40, who has a twenty payment life policy on which he has deposited \$5,000 (\$500 a year for ten years); upon this he can borrow 75%, or \$3,750, immediately from the company and without any expense except a normal rate of interest.
Ald line life insurance is a savings as well as protection. If you live you enjoy the benefits of your savings; if you die you have provided for others as you would have done had you lived.
Meanwhile, the properly insured man knows he has taken the wise and prudent course.
